

Packaging Checklist

1

Sell your new sets at Lego2sell.com

2

Guidelines

- Pack items well and secure
- Use bubble wrap or packaging
- Ensure correct Postage Label
- Ensure the Order number is correct and present

3

Attach address label(s) to your box(s) only use one label to a box, Add details in box (order number or customer ID)

4

Take the package to your post office or send it with EVRI at www.evri.com

5

Post your item and keep proof of postage, and the tracking number of your order, If we take your item we will give you up to £2.49 per set sent for the cost of postage.

6

We'll let you know when we have received your item(s) and have checked them by changing the status in your online account and if all is as described we could arrange to pay you that day once the set passes the checks!

Important Notice you are responsible for the package arriving safe and undamaged, Items must be as described and in new condition, Lego2sell will not be responsible for lost or damaged items and it will be your responsibility for return postage if items are not as described, Please read our terms before sending.

If you have any issues please contact us at help@lego2sell.com or visit our FAQs at www.lego2sell.com

Postage Label

Simply cut across the line and attach the label securely to the outside of the box, Or you can use your own label just make sure the order number is in the box if you do so.
